QUALITY

Welcome to **Nice** Capital of the French Riviera

- Nestled between the Mediterranean Sea and the Alps, Nice is a contrasting city. Close to Italy, Nice is flooded with light most of the time and offers its visitors beauty and modernity.
- Nice-Côte d'Azur Métropole was the first created in France; it gathers 550,000 inhabitants including 35,000 students. In France, Nice is the second tourist destination, attracting every year 10 millions tourists thanks to its international airport located close to the city centre. You can fly to Paris every 30 minutes; it is very easy to organise a week-end there.
- With 300 sunny days every year (*Air Quality Index* average is below 20!), Nice presents its visitors with an eight kilometer beach on the Promenade des Anglais and also the possibility to go skiing and hiking in the Mercantour National Park.
- Thanks to a performing bus and train network, you can quickly go to Cannes, Monaco or Italy.

Welcome to Nice!
Study in France's sunniest city

AMAZING! Before I started at Alliance française, I had shopped around and tried other language schools in Nice. This is - by a mile - the best French school in Nice. The facilities and resources are simply unparalleled. The school administration staff are extremely helpful and accommodating. Unlike with other schools, I never felt like I was just a dollar sign, but that the staff truly cared about my progress in French.

The quality of the teaching staff and the teaching method are of the highest standard. Classes are never dry! The various school activities don't only facilitate language practice and cultural understanding, but also help evoke a sense of friendship and community for those of us far away from home. Merci beaucoup, l'AF de Nice.
